TECHNICAL SKILLS

- **Languages:** PHP, JavaScript, SQL, HTML5, CSS3
- **Frameworks & Libraries:** Bootstrap
- **Tools & Platforms:** Git, Docker, Postman
- **Databases:** MySQL

PROFESSIONAL EXPERIENCE

Freelance Web Developer | Self-Employed Sep 2026 – Present

- Architected, deployed, and maintained production-ready full-stack PHP/MySQL web applications tailored to unique client requirements, ensuring high codebase modularity and uptime.
- Engineered optimized relational database schemas in MySQL, refining indexing strategies and complex joins to slash query execution time and application latencies.
- Designed and implemented clean, responsive cross-device user interfaces by leveraging Bootstrap layouts and dynamic custom JavaScript features.
- Integrated modern search engine optimization (SEO) techniques, clean URL structures, and dynamic sitemaps to optimize Google Search indexing crawlers.

TECHNICAL PROJECTS

School Management ERP System (PHP, MySQL, JavaScript, Bootstrap) Jan 2026 – Mar 2026

- Developed a comprehensive Enterprise Resource Planning (ERP) platform to centralize student management, academic performance records, and daily administrative systems.
- Programmed multi-role secure authentication structures alongside automated attendance matrices, electronic invoicing tracks, and digital report card modules.
- Created an interactive administrative command center optimized with raw JavaScript to build dynamic data visualization streams supporting instant ID and admit card validation.

Job Portal & Digital Marketplace (PHP, MySQL, JavaScript, Bootstrap) Nov 2025 – Dec 2025

- Engineered a production-scale job board and asset marketplace architecture utilizing custom relational algorithms to process granular text query filtration.
- Configured precise programmatic URL rewrites and structural schemas to streamline indexation patterns on search crawler indices.
- Constructed an isolated administrative dashboard interface enabling systemic data pruning, content moderation matrix rules, and infrastructure state evaluations.

EDUCATION

Dibrugarh University

Bachelor of Science in Computer Application (BCA)

Assam, India

May 2022
